NOTICE TO TREE CUSTOMERS!

After 25 years devoted to actual growing of FLOWERING TROPICAL TREES, I have sold my nursery to Stanley Smith, a highly successful grower. On the foundation I built, he hopes to create here in Stuart the largest flowering tree nursery in the world, geared to produce the colorful landscape material needed in a fast-growing Florida.

Mr. Smith is now engaged in re-arranging and pushing the growth of the thousands of trees he got from me, and in addition has been importing great numbers of new flowering trees from Puerto Rico, Panama, Cuba, Trinidad and elsewhere. He also has tens of thousands of new seedlings coming on. In about two months he will be in a position to start shipping your orders. At that time he will send you a SALES BULLETIN. Watch for his introductory offerings.

All correspondence about trees you want to buy should be addressed to

SMITH-MENNINGER FLOWERING TREES
P. O. Box 32
STUART, FLORIDA Telephone AT-7-0714

I shall continue to be associated with Mr. Smith in an advisory capacity. I shall continue to sell HORTICULTURAL BOOKS for growers in warm regions (most of these are kept in stock at all times). I shall continue to sell tropical tree seeds, etc. and I am available for illustrated lectures on Flowering Tropical Trees, for the benefit of any group interested in civic beautification. Mature trees among the prettiest to be found anywhere in the tropics, are still growing around my home and the public is invited to visit my gardens at any time.

To reach Mr. Smith's nursery, turn south at the intersection of U.S. 1 and Route 76 (at the stoplight at Shell Station). Go 2½ miles, watch for sign on your left.

EDWIN A. MENNINGER, Still the Flowering Tree Man,
Stuart, Florida

ALUMINUM TAGS

Like sample enclosed. Postpaid prices: 100 \$2, 500 \$8, 1000 \$13, 5000 \$60.

HORTICULTURAL PHOTOGRAPHS

I am in a position to supply 8x10 black-and-white photographs, 4x5 kodachrome transparencies, and 35mm.kodachrome slides of hundreds of tropical flowers, trees, shrubs, palms, landscaping jobs, etc.

If you need pictures to illustrate your talks, articles, or publications, write me your wants.
